

# SWEDISH DEATH CLEANING

Swedish Death Cleaning is a mindful process of sorting through belongings to live purposefully with our possessions. Choosing what to keep, what to share, and what to release is not about getting rid of things.

It's about keeping what matters most.

- Pre-Preparing to sell a family home, move or “right size”
- Ease the burden on loved ones
- Create a lighter living space
- Gift or Donate meaningful items to loved ones or charity
- Reflect on your legacy
- Reduce the weight of your life
